Security Management

Index by Topic — January 1982–December 1982

Articles in the following index to *SECURITY MANAGEMENT* were published during 1982. Copies of articles may be obtained individually through University Microfilms (see below) or by purchasing the issue in which the article appears from ASIS Headquarters. All 1982 issues are available except February and May.

To obtain any back issue from 1982 or previous years, send $3.00 per issue plus $1.50 shipping and handling per order to the Accounting Department, ASIS, 2000 K Street, NW, Suite 651, Washington, DC 20006.

Articles published in *SECURITY MANAGEMENT* before January 1981 are also available in several reprint series grouped by the following subjects: Lecture Outline Series; Security Personnel; Security Investigations and Intelligence; Management Concepts, Careers, and Crimes; Physical Security and Safety; Crisis Management; Case Studies in Security; Alarms; Basics of Security Technology; Crime Prevention; Computer Security; Retail Security; and More on Personnel and Management. These reprint collections may be purchased from ASIS for $3.00 each for members, $5.00 for nonmembers. Please include $1.50 for postage and handling with each order.

A catalog is available from ASIS detailing the publications and other items the Society offers for sale.

Multiplex computer systems for monitoring and control since 1970.

ONE CARD DOES THE WORK OF THREE

For access control . . .

IDenticard

. . . data collection

The only badge you'll ever need . . . security.

This versatile ID card can do the work of three: unlock doors & gates, feed data to computers, and establish positive identification. You make it youself in 90 secs. and change access codes anytime — instantly! Won't crack, chip or curl despite temperature extremes. Lasts far longer than ordinary IDs.

For details, affix your business card to this ad and mail to:

IDenticard

Keep Your Business *Your* Business

Are your corporate secrets common knowledge? Is your competition always one step ahead of you? Possibly, someone's eavesdropping!

Security Research International (SRI) specializes in electronic instrumentation to protect you from these types of losses.

Detect and locate eavesdropping devices in large rooms with SRI's Signal Sentry Device. It's silent, easy to use, portable.

For personal protection, wear the lightweight TRD 800. It silently vibrates in the presence of hidden tape recorders and transmitters.

Call for information on how to keep your business your business or send $5 for complete catalog.

CUSHMAN OFFERS A MORE ECONOMICAL WAY TO KEEP YOUR FORCE ON THE MOVE.

The Cushman® Police Vehicle. Its economy comes from a price tag far below most conventional four wheel vehicles.

Its comfort comes from a weather-tight, fiberglass cab with large, high-visibility windows, large doors and flow-through ventilation.

Add the efficiency of an 18 hp, OMC engine, the maneuverability of a tight 17-foot clearance circle and 48" width, and a smooth-operating centrifugal clutch, and you have the most economical way to keep your force on the move. Comfortably.

For more information,

CRIMINAL INTERROGATION AND BEHAVIORAL ANALYSIS INTERVIEWS

A Specialized Course
presented by
JOHN E. REID AND ASSOCIATES
Internationally Recognized Polygraph
And Interrogation Experts

jra

This specialized course has been attended over the past 10 years by thousands of private security and law enforcement personnel. The proven success of our graduates has established the reputation of our course as the premier training program in the art of "Criminal Interrogation and Behavioral Analysis Interviews."

The primary topics are:

THE NINE STEPS OF CRIMINAL INTERROGATION
(A step by step approach on how to confront the suspect, develop a theme, handle denials and offer alternatives to stimulate the confession)

BEHAVIORAL ANALYSIS INTERVIEWS
(A structured non accusatory interview designed to identify the innocent and isolate the guilty)

BEHAVIOR SYMPTOM ANALYSIS
(How to interpret a suspect's verbal and non verbal behavior for indications of truth or deception)

THE LEGAL ASPECTS OF INTERROGATION

In 1982 Reid and Associates offers a five-day course each month in Chicago. If you are unable to attend the 5 day course, Reid and Associates can present a course at your location.

...the Advance Team

SERVICES: Security Investigative Consulting Counter Measures

Old fashioned thinking cannot combat modern day crime.

But Advance Security can.

That's because Advance Security has made crime prevention a science. Our clients are recipients of the best thinking of America's best security firm. Advance may not be the largest — although we're close — but our technology, systems and procedures suggest that we're the most effective in outsmarting criminal wise guys.

Has your company been old fashioned in crime prevention long enough? Want to change but don't know quite how to go about it?

ASK THESE QUESTIONS: Who attracts better personnel by offering better benefits? *Advance Security offers 10 hospitalization programs plus much more.* Who has better training? *Advance's very own video training program is unique in the security industry.* Who pays their employees better? *Advance personnel are the industry's top paid.* Who has the best back-up strength? *Figgie International is our diversified parent company.* Who looks best? *Advance Security officers are handsomely uniformed in "Advance heather green." They look as sharp as they perform!*

Modernize your company's crime prevention policy with Advance Security. We prevent so you won't have to solve.

Please write or call TOLL FREE (800) 241-0267 to learn more about the many benefits of hiring The Advance Team.
